

Co-Founder (m/w/x) Growth & Marketing

Kiezbote and our mission

We are Kiezbote, a customer-oriented and sustainable delivery service in Berlin. Parcels and goods are collected centrally in our depot and then delivered by e-cargobikes in desired time slots exactly when the recipient wants them.

We want to break away from established delivery processes and concepts and elevate delivery back to a service that meets the diverse needs of our customers.

In mid-2021, we spun off from a research project and have been able to prove through our work to date that our concept significantly increases customer satisfaction and at the same time we reduce emissions on the last mile.

Who we are looking for

In addition to the existing Co-Founder Daniel and the mentors, we are looking for a Co-Founder for Growth & Marketing. Together with the team you will define and shape your own role to take Kiezbote to the next level.

How you support us

- You drive the further definition of the brand and increase its awareness among relevant target groups and partners
- You develop a marketing and communication strategy according to the target groups and you are responsible for its implementation
- Build up the organization and its processes as well as develop an excellent marketing and growth team

What you bring along

- You have a founding spirit and would like to spend the next
- years as an active entrepreneur
- You have experience in the field of (growth-) marketing and you know how to inspire customers for your product
- You are not only interested in sustainability from a marketing point of view, but you want to actively oppose climate change and believe as we do that this is still possible.

Why you should join us

- With us you can be a part of the next generation of logistics startups
- As a co-founder, it is also your company that you can actively shape, as well as your work environment and way of working.
- We have proven through our preliminary work that we have found the product-market fit to the current state and have prospects for success
- Attractive company participation
